

## ***Congratulations IPEX!***

In 1992 when Canron and Scepter joined forces to create IPEX, the merger of these industry leaders into one great company was a perfect example of the old saying that “one plus one equals three”. Now, 25 years later, IPEX is a recognized industry leader across North America. Every day our team of more than 2,200 professional, results-oriented and innovative people deliver on our operating philosophy: **We Exist For The Customer**. It’s because of your commitment that IPEX is what it is today.

On behalf of the entire management team, thank you all for your commitment to our great company and for continuing to deliver unmatched value to our customers.

Happy 25th Anniversary,

Alex Mestres  
CEO
