

# MJ GREY™ MECHANICAL COUPLINGS

## NEW PRODUCT SHOWCASE

### 1-1/2" – 6" NOW AVAILABLE

IPEX is proud to announce the extension of our MJ Grey™ family of System 15® and System XFR® DWV products to include mechanical couplings in sizes 1-1/2" through 6". The new couplings will have the familiar grey rubber lining to indicate their use for IPEX System 15 or System XFR only.

Below is a summary of features for the complete MJ Grey product offering:

Feature	MJ Grey Size Range	
	1-1/2" - 6"	8" - 12"
CSA B602	✓	✓
Flame / Smoke of 25/50 as per ULC S102.2	✓	✓
Pipe to Pipe Connections (DWV to DWV)	✓	✓
Spigot Fittings	4" & 6"	✓
Cast Iron Adapters (Cast to DWV)	✓	-

Please note: 1.5" to 3" couplings are for pipe to pipe connections only.

**SYSTEM 15® DWV**  
**SYSTEM XFR® DWV**  
**MJ GREY™ DWV**

MJ Grey offers installers an alternative joining method for System 15 and System XFR in all sizes. In particular, MJ Grey may be advantageous for colder weather, minor offsets, difficult installation areas, repairs or tie-ins.

System 15 and System XFR are regarded as the premium nonmetallic DWV systems used in Canada. Together with this new expanded offering of MJ Grey Couplings, IPEX remains the industry leader with the most complete offering of pipe, fittings and couplings.

Available now through all stocking IPEX System 15 and System XFR distributors.

Nominal Size inches	# of Clamps	DWV to DWV Product Code	CI to DWV Product Code
1.5	4	094056	094061
2	4	094057	094062
3	4	094058	094063
4	4	094059	094064
6	6	094060	094065
8	6	094053	-
10	6	094054	-
12	6	094055	-

MJ Grey 80 in.lbs torque tool available from IPEX
