

## IPEX USA LLC Celebrates the Grand Opening of the New Joliet Distribution Centre

Joliet Illinois, September 3, 2020 – IPEX, a leader in thermoplastic piping systems, announced today the grand opening of their new Joliet Distribution Centre, southwest of the Chicago metropolitan area.

This new facility operated by LeSaint Logistics, a Chicago based third party service provider, has a starting size of 50,000 sf with a possible expansion to beyond 200,000 sf, which significantly increases IPEX's available warehouse space in the region and allows us to bring more products closer to our customers and end-users.

"A major part of our growth strategy in the US includes increasing our warehouse sizes in order to carry more skus and provide a larger product offering for our customers," says Travis Lutes, President & COO, IPEX. "We constantly explore ways to offer our customers an exceptional experience and that includes the ability to supply their needs in a timely and expedient manner."
