

# SOCKET VALVE METRIC CONVERSION KIT

## NEW PRODUCT SHOWCASE

IPEX is pleased to announce the addition of PVC and CPVC metric ISO end connectors for our VKD, TKD, VX, VXE, VEE, SXE, and RV valves. The end connectors are a straight swap with the standard ASTM or NPT connectors that come with the valve. This allows for IPEX valves to be integrated into metric systems such as European made skid equipment or to be used as transitions from metric to IPS pipe size.
