

XIRTEC® CPVC one-piece ball valves

Xirtec® CPVC One-Piece Ball Valves are lightweight and compact, yet robust. As a part of the Xirtec CPVC Potable Water Piping System, the One-Piece Ball Valves are currently available in 1/2", 3/4", and 1" sizes and are ideal for high pressure systems or for applications that do not require a serviceable connection.

Product Selection Chart

Size (inches)	Product Code
1/2	052677
3/4	052678
1	052679

Using Xirtec valves eliminates the need for adapters. Fewer connections means fewer potential leak paths while also saving time and money during installation.

The Cost-effective, Time-saving Alternative to Metal Systems

Xirtec® CPVC is a potable water piping system for commercial and high building construction. It offers numerous benefits with a system that's fully-approved for non-combustible applications.

- Certified to applicable ASTM standards
- Easy transitions to accessories and other materials
- Meets Smoke and Flame requirements when tested in general accordance to ASTM E84
- Permanent joining system
- Corrosion resistant
- Project savings

Features and Benefits:

- One-piece valve body
- Compact, light-weight design
- Permanent, solvent weld joints
- 400 psi @ 73°F, 150 psi @ 160°F
- Certified to UP/IP Code

Standards:

NSF 14 ASTM F1970
NSF 61 NSF/ANSI 372 certified*

*Product is certified to NSF/ANSI 372 and conforms with the lead content requirements for "lead free" plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act.
