MORE INFORMATION

Xirtec® CPVC is a thermoplastic piping system that may be used for the distribution of potable water and is available in sizes 1/2" to 6" diameter. Xirtec® CPVC pipe, valves and fittings are manufactured with Corzan® CPVC.

Xirtec® CPVC made with Corzan® CPVC.

1

LIGHTWEIGHT

Xirtec® CPVC is relatively lightweight offering efficiency in transport, handling and installation.

2

EASY TO WORK WITH

Its simple solvent cement system makes Xirtec CPVC® fast and easy to assemble. No specific installation equipment is needed.

3

SAFER TO WORK WITH

No flames or torches are required during installation, reducing jobsite safety risks.

4

COST SAVINGS

Proven strength, competitive price, and easy installation can lower overall job costs. Xirtec CPVC® also represents a lower risk of jobsite theft.

5

TRAINING AND SUPPORT

Local application engineers and sales representation provide support where and when you need it.
