

## IPEX Wins 2015 OBAA

On November 25, 2015 IPEX was the recipient of the Skills & Training Excellence award at the annual OBAA event. Hosted by the Ontario Chamber of Commerce, the Ontario Business Achievement Award is the most recognized industry gala in the province that focuses solely on celebrating business success.

For over 30 years businesses have been awarded OBAA's for their achievements in areas including sustainability, innovation, human resources, market expansion and exporting. There are nine award categories with over 15 companies nominated in each category. Ontario businesses whose skills and training initiatives were seen to best harness the talent of its people, embrace diversity and support employee successes were nominated.

As a nominee, IPEX demonstrated that employee satisfaction with regard to educational training and skill development resulted in a positive and measurable impact on the company's success.

IPEX is extremely proud to celebrate this business achievement and to be recognized across the province as leaders in skills and training initiatives.
